| Section 3 – Haz                               | ard Identi   | fication   |                             |                     |
| Symptoms of To                                |  |  |                             |                     |
| Flammability:                                 |  | egestion: May cause sto<br>ombustible.   | omach irritation, nausea, c | ramps and vomiting. |
| Reactivity:                                   | St   | table under normal stor  | rage conditions.            |                     |
| Carcinogenicity:                              | N  | ot carcinogenic.   |                             |                     |
| Section 4 – Firs                              | st Aid   |  |                             |                     |
| Eye Contact:                                  | F  | Flush eyes with water for 15 minutes. Seek medical attention if irritation persists.   |                             |                     |
| Inhalation:                                   |  | Remove affected person to fresh air. Get medical attention if effects are present.   |                             |                     |
| Ingestion:                                    |  | Call a poison control center immediately. Do not induce vomiting unless instructed to do so by poison control center.                    |                             |                     |
| Dermal Contact:                               |  | Remove contaminated clothing and wash before reuse. Wash skin with soap<br>and warm water. Get medical attention if irritation persists. |                             |                     |
| Notes/Physician<br>Information:               | 's Y   | You may also contact SafetyCall® International (866) 897-8050 for emergency medical treatment information.                               |                             |                     |

| Section 5 – Fire and Explosion Hazards |  |  |                            |
|--|--|--|----------------------------|
| Flash Point:                           | 153°F  | Upper Flammability Limit:                                  | N/A                        |
| Extinguishing Media:                   | Foam, CO <sub>2</sub> , dry chemical, water fog  | Lower Flammability Limit:                                  | N/A                        |
| Special Procedures:                    | Use SCBA along with full protective gear. Keep nearby containers and equipment cool with water spray. Contain the run-off for proper disposal. |  |                            |
| Unusual Fire Hazards:                  | Combustible. Toxic r   | unoff may result from firefight                            | ing. Treat as an oil fire. |
| Reactivity/Stability:                  | 2  | azardous combustion products ng oxidizers. Hazardous polym |                            |

| Section 6 – Spill/Release Procedures |  |  |
|--------------------------------------|--|--|
| Absorbent:                           | Universal or oil-only absorbent pads, vermiculite, absorbent booms, or clay granules.  |  |
| Containment:                         | Do not discharge into municipal wastewater or public storm drains. Eliminate runoff as much as possible.                               |  |
| Waste Disposal:                      | Dispose of waste material in municipal land-fill or through licensed TSDF.<br>Open dumping is prohibited. Not an RCRA hazardous waste. |  |
| Reporting:                           | Report all major spills and uncontrolled releases to proper local, state, and federal agencies.  |  |
| Emergency Contact #:                 | Chemtrec: 1-800-424-9300   |  |

| Section 7 – Storage and Handling Instructions |  |  |
|---|--|--|
| Storage Conditions:                           | Store in a cool, dry place. Keep container closed. Do not store<br>near heat or open flame. Avoid contamination of food or feedstuffs                                      |  |
| Special Handling Considerations:              | Avoid dermal contact. Take precautions to avoid damaging containers.   |  |
| Container Disposal:                           | Do not reuse empty containers. Triple rinse (or equivalent), then<br>offer for recycling or render unusable and dispose of in municipal<br>landfill or with licensed TSDF. |  |

| Section 8 – Protective Equipment/Engineering Controls |  |  |
|---|--|--|
| Eye Protection:                                       | None required. Safety glasses with side-shields may be used to prevent exposure.                                     |  |
| Respiratory Protection:                               | None required.   |  |
| Dermal Protection:                                    | Chemical gloves, long sleeves, and pants.  |  |
| Engineering Controls:                                 | Use only in adequately ventilated areas.   |  |
| Other Precautions:                                    | Harmful if swallowed or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. |  |

| Section 9 – Physical Data |                          |                                |              |
|---------------------------|--------------------------|--------------------------------|--------------|
| Odor:                     | Slight chemical aromatic | Melting Point:                 | N/A          |
| Physical State:           | Liquid.                  | Flash Point:                   | >90 DEG C    |
| Color:                    | Clear yellow             | Specific Gravity:              |              |
| Bulk Density:             | 0.88-0.92 g/ml           | pH:                            | 5.5-6.5      |
| Vapor Pressure:           | N/A                      | Water Solubility:              | Soluble.     |
| Viscosity:                | N/A                      | Refractive Index:              | N/A          |
| Section 10 – Toxicity     |                          |                                |              |
|                           |                          |                                |              |
| EPA Toxicity Cat          | egory: "Caution" label r | required Oral LD <sub>50</sub> | >5000  mg/kg |

Health - 0

Reactivity - 0 Special - none

Dermal LD<sub>50</sub>:

Avoid cross contamination. Always wash hands thoroughly after

handling pesticides and before eating, drinking, or smoking.

Inhalation LC<sub>50</sub>: >10 mg/kg

Fire - 2

>2000 mg/kg

Reactivity - 0 Special - none

Health - 0

Section 11 – Ecological Data

HMIS/NFPA Classification:

Skin Contact:

Eye Contact:

Other Comments:

Aquatic: Not established.

Irritant.

Irritant.

Fire - 2

Avian: Not established.

Bioaccumulation: None known.

| Section 12 – Transportation |   |  |
|-----------------------------|---|--|
| DOT:                        | Not regulated.  |  |
|                             |   |  |
| IATA:                       | Not regulated.  |  |
| IMDG:                       | Not regulated.  |  |
| MIDO.                       | Not regulated.  |  |
| Federal Motor Carrier       | Insecticide, Liquid, Other Than Agriculture, N.O.I.B.N. |  |
| Classification:             |   |  |

| Section 13 – Regulator                        | гу  |
|---|---|
| Section 302/TPQ:                              | Contains no components listed under section 302.                |
| (emergency planning)                          |   |
| Section 304/EHS RQ:<br>(release notification) | Contains no components listed under section 304.                |
| CERCLA RQ:<br>(release notification)          | Not regulated by CERCLA.  |
| Section 311/Tier II:<br>(MSDS submission)     | Acute health hazard, fire hazard.                               |
| Section 313/TRI<br>Chemicals:                 | Glycol Ethers, Not more than 2.10% by weight. CAS – Not Listed. |
| RCRA Haz-Waste<br>Code(s):                    | None.   |
| CAA TQ:<br>(air emissions)                    | None.   |

## Section 14 - Other

NFPA and HMIS ratings assigned to this product are based on the hazards of its ingredient (s). Because the customer is most aware of the application of the product, he must ensure that the proper personal protective equipment (PPE) is provided consistent with information contained in the product MSDS.
